

Quality Focused, Service Driven.

## A FULL SERVICE CORROSION CONTROL SOLUTIONS COMPANY FOR ANYTHING THAT RUSTS – ALL MARKETS – ALL ASSETS

### CORROSION CONTROL MATERIALS & PRODUCTS

- ✓ Full line of CP Materials & Test Equipment
- ✓ Anode Manufacturing (Impressed & Galvanic)
- ✓ Multiphase Corrosion Inhibitors by Cortec

### UPSTREAM OIL & GAS PRODUCTION

- ✓ Cathodic Protections Systems & Programs for Well Casings
- ✓ Cathodic Protections Systems & Programs for Gathering Systems
- ✓ Multiphase Corrosion Inhibitors for Many Applications
- ✓ Experts in Preservation of Spare Equipment & Parts

### TERMINALS, REFINING, PETROCHEMICAL PLANTS

- ✓ Industry Leading Fence-to-Fence Comprehensive Corrosion Control Programs
- ✓ AST Floor Corrosion Experts:
  - Total Corrosion Control System Design, Engineering, Installations, Maintenance
  - Cathodic Protection Systems of all Types – Specializing in Under tank HDD Systems
  - Exclusive Distributor/Applicator of Cortec CorroLogic™ Corrosion Inhibitor Systems for Tank Floors, Roofs, Pontoons
- ✓ Underground Piping CP System Design, Engineering, Installations, Maintenance
- ✓ In-service Mitigation of CUI with CorroLogic™ Corrosion Inhibitor Systems
- ✓ Experts in Preservation of Spare Equipment & Parts
- ✓ Internal Corrosion Inhibition of Firewater Systems
- ✓ Corrosion Rate Monitoring Systems

## PIPELINE CORROSION CONTROL

- ✓ Cathodic Protection Systems – All Types and Designs
  - ✓ Conventional, Deep Well, Sacrificial Systems
  - ✓ Linear Anode Installations (Trench or HDD)
  - ✓ Specializing in Custom Directionally Drilled Groundbeds
- ✓ Complete Technical CP Services
  - ✓ NACE Certified Technician Services
  - ✓ CP System Testing, Evaluation, Monitoring and Maintenance
  - ✓ Remote Rectifier Monitoring and Maintenance - Multiple Types of RMUs available
- ✓ Pipeline Design / Build (Engineering)
- ✓ Horizontal Directional Drilling (HDD) Capabilities
- ✓ Shallow Pipe Evaluations and Remediation
- ✓ Smaller Diameter Pipeline Replacement
- ✓ Hydrostatic Pipeline Testing
- ✓ Experts in Preservation of Spare Pipe and Equipment

## PIPELINE INTEGRITY SOLUTIONS

- ✓ Industry Leader in AC Mitigation Solutions
- ✓ Induced AC Voltage and AC Corrosion Threat Assessment Modeling, Engineering Design and Remediation Services including Construction, Commissioning and Project Management
- ✓ In Line Inspection (ILI) Support Services
- ✓ Dent/Metal Loss/Pipeline Repairs and Recoating
  - ✓ Making Pipelines Piggable
- ✓ Control of Internal Corrosion after Hydro Testing with CorroLogic™ Corrosion Inhibitor System
- ✓ Corrosion Coupon and Remote Monitoring Installations

## PIPELINE INTEGRITY ENGINEERING AND ANALYSIS

- ✓ External Corrosion Direct Assessment (ECDA) - Pre and Post Assessment - (4-Step Process: Pre, Indirect, Direct, and Post)
- ✓ Field Surveys (DCVG/ACVG/GPS/CIS/PCM/Soils)
- ✓ Internal Corrosion Direct Assessment (ICDA)
- ✓ Stress Corrosion Cracking Direct Assessment (SCCDA)
- ✓ N-LINE™ Data Management and Integration Software Solution
- ✓ Cased Pipe Crossings: Clearing Shorts/Filling/Removal (Cold Cutting)
- ✓ Casing ECDA Program
- ✓ Guided Wave UT
- ✓ Corrosion Rate Monitoring of Casing Annular Spaces
- ✓ Exclusive Distributor/Applicator of Cortec CorroLogic™ Corrosion Inhibitor Filler and Vapor Phase Corrosion Inhibitor Solutions

With one of the most comprehensive SAFETY Programs in the industry, be assured of an efficient crew and trouble-free execution.
